***/FOSBER***

## Training Pro/Service

The Pro/Service team dedicated to the after-sales service of Fosber is in charge of ensuring the full benefit of your investment.

For this reason we are proud to be able to offer **specific training courses** for maintenance personnel.

Learn the use and functionality of the machines as well how to operate in safety by doing **regular and preventive** maintenance, **on time** and when required.

**ONLINE in Live video streaming**

**Courses are on-demand** as well as in pre-determined dates

**Agenda**

**Engineering Training  
*Electrical***
